Riviera Resort & Spa

Meetings carry over to the back nine at this A-list hotel in the heart of Palm Springs.

CHECK IN Palm Springs, California **AIRPORT** Ontario International (ONT)
WHY WE CHOSE IT Once the stomping ground of celebs like Frank Sinatra, Elvis Presley, and Marilyn Monroe, the iconic Riviera recently underwent a \$70 million renovation to restore the glory of its heyday. Today, opulent rock-candy-red lacquer chandeliers, Rat Pack-style billiards, and orange ottomans adorn the resort's interiors. The restaurant, Circa59, portrays '60s design with red leather booths and Hollywood glam with gold-framed mirrors. The menu includes everything from stuffed Medjool dates to steamed toffee pudding—a recipe from executive chef Bradley Manchester's Welch grandmother. **BUSINESS DRAW** The Grand Ballroom, Desert Conference Center, Executive Boardroom, and Palm Suite—with private patio and wet bar—amount to more than 30,000 square feet of meeting space. **ZEN DEN** Sip tropical green tea and soak in the Buddha Lounge mineral water pool at SpaTerre. psriviera.com
